

# AATU MARTTILA

PASSIONATE TECH ENTHUSIAST

## EDUCATION

### Haaga-Helia University of Applied Sciences

Bachelor's degree,  
Business Information Technology  
2021-2024

### Kauhajoen Lukio

High School  
2012-2015

## WORK EXPERIENCE

### Software Developer Intern

Autolle.com Oy, Internship 01/2024 - 06/2024

- I was responsible for front-end development and the successful launch of a new multiplatform application.
- Utilized React and NextJS to build a responsive and user-friendly interface.
- Gained experience in developing, testing, and deploying mobile applications.
- Managed CI/CD pipelines to ensure smooth releases.
- Published the application on both Google Play and the Apple App Store, adhering to platform-specific requirements.
- Deepened my understanding of the software development lifecycle and the deployment processes of multiplatform applications.

### Storage Worker

Barona Logistiikka, Part-time 09/2021 - 12/2023

- Part-time work while studying.

### Dispatcher

Heinon Tukku Oy, Full-time 08/2018 - 06/2021

- Acted as a substitute leader of the shift, managing responsibilities and stakeholder communications.
- Improved problem-solving skills and gained basic SAP experience.
- Developed strong multitasking abilities while working under pressure.
- Coordinated tasks with stakeholders in person, via email, and over the phone.

### Storage Worker

Barona Logistiikka, Full-time 12/2015 - 08/2018
